EDUCATION

Statistical Methods Specialist

Centro de Investigación en Matemáticas (CIMAT), A.C.

📅 Jul 2024 – Jun 2025

📍 Aguascalientes, MX

- With data science as the focus area.

Computer Systems Engineering

Universidad Virtual del Estado de Guanajuato (UVEG)

📅 Jan 2021 – Dec 2023

📍 Guanajuato, MX

- With computer vision as the focus area.

BS in Mathematics

Universidad de Guanajuato (UG)

📅 Aug 2011 – Jul 2018

📍 Guanajuato, MX

- With computational mathematics as the focus area.

EXPERIENCE*

*Some of the most relevant experience includes the following:

Sr. Software Engineer (Data Engineer)

Bisonic México

📅 Mar 2023 – Present

📍 Guanajuato, Mx (Remote)

- In charge of automation processes and smart contracts.
- Building analytics dashboards in data team.

City Councilor @ León (Guanajuato)

Municipal Advisory Council for Economic Development, Creativity and Innovation

📅 Jul 2022 – Present

📍 León, MX

- City councilor, in charge of projects evaluation for city development.

Machine Learning Engineer

Zetalabs S.L.

📅 Dec 2020 – Aug 2022

📍 Spain (Remote)

- Designed, implemented and deployed computer vision ML models in cloud.
- Cloud admin of model registry and orchestration system.

Machine Learning Research Assistant

CIMAT, National Consortium of Science and Technology

📅 Feb 2018 – Feb 2019

📍 Guanajuato, MX

- Implemented deep learning models for computer vision systems in industry.

Machine Learning Research Intern

Department of Chemistry and Chemical Biology, Harvard

📅 Jun 2017 – Aug 2017

📍 Cambridge, MA

- Implemented ML models for inference of molecule properties.
- Developed a Python package on ML models applied to molecular properties, using GPFLOW.

SKILLS

PROGRAMMING

Python • Processing • C • MongoDB

LIBS/Frameworks

NumPy • TensorFlow (TF) • Pandas • Flask
OpenCV • Airflow • Prefect • Ploomber
Gradio • Streamlit

TECH TOOLS

Git • GitHub • JupyterLab •
Google Cloud Platform • Microsoft Azure

PROJECTS

ResMoNet

- Detecting Emotional States from Video to Improve the Electronic Patient Record (<http://dx.doi.org/10.2139/ssrn.4120087>).

Psychopathology Assistant

- An intelligent assistant platform to track psychopathology patients responses during face-to-face and remote sessions (github.com/RodolfoFerro/psychopathology-fer-assistant).

CitizenBot

- A social network bot to attend citizenship reports about failures on public services.
- Intellectual property registration N°: 03-2017-071811472900-01 (Mexico).

AWARDS

- Microsoft Certified: Azure Fundamentals [AZ-900] (2021).
- Winner of the #TFWorld TensorFlow 2.0 Challenge (2020).
- Quantum Computing 101 [Mexico Bootcamp] Badge by IBM Q (2018).
- 1st place in the IBM Hackapalooza Bluehack Hackathon (2017).
- 1st place in Hackathon "Centro Fox" (2017).

PUBLIC SPEAKING

- TEDxUNAMLeón (2020)
- PyCon Colombia (2020)
- International Conference on Software Processes Improvement (CIMPS) (2020)
- Reunión Internacional de Inteligencia Artificial y sus Aplicaciones (RIIAA) (2019, 2020)
- Jalisco Talent Land (2021, 2020, 2019)
- PythonDay México (2019, 2018)
